

I would like to extend to you our warmest regards and welcome for visiting our company's website. Please allow me to give you a brief introduction of who we are and what we do.

DKJL Co., Ltd is a comprehensive trading company registered in Beijing, China. The company is strategically located at the centre of Beijing Zhongguancun, which is also known as the Silicon Valley of China. Since the establishment in 2001, the company has achieved major developments in both domestic and international markets. The company has been focusing on both special products development and multi-dimensional products advancement; by adopting this strategy we have achieved excellent performance in international import and export market, which subsequently place itself as the core business of the company.

Our mission is to make use of available recourses and bring prestige, service, professionalism, and efficiency to the company's international business operation and ensure our products and services meet and exceed the expectations of our overseas and domestic clients.

The company has now become one of the most competitive suppliers of Chinese products in overseas market. The products we represented range from refractory and thermal insulation materials, heating elements, industrial ceramics to scientific instruments. The price, quality and variety of the products we supplied are guaranteed to be at the top of the range. You will find detailed information on the above outlined products in our website and we also welcome your enquiry on any other products. We have professional and dedicated specialists to assist you and meet your satisfaction.
